

## Medications to promote better health as recommended under the ACA

---

### 2025 Blue Cross and Blue Shield Service Benefit Plan - FEP Blue Focus Section 5(f). Prescription Drug Benefits Covered Medications and Supplies

---

#### Benefits Description

Medications to promote better health as recommended under the Patient Protection and Affordable Care Act (the “Affordable Care Act”), limited to:

- Iron supplements for children from age 6 months through 12 months
- Oral fluoride supplements for children from age 6 months through 5 years
- Folic acid supplements, 0.4 mg to 0.8 mg, for individuals capable of pregnancy
- Low-dose aspirin (81 mg per day) for pregnant members at risk for preeclampsia
- Aspirin for men age 45 through 79 and women age 50 through 79
- Generic cholesterol-lowering statin drugs

#### Notes:

- Benefits are not available for acetaminophen, ibuprofen, naproxen, etc.
- Benefits for these medications listed above are subject to the dispensing limitations described earlier and are limited to recommended prescribed limits.
- To receive benefits, you must use a Preferred retail pharmacy and present a written prescription from your physician to the pharmacist.
- A complete list of USPSTF-recommended preventive care services is available online at: [www.healthcare.gov/preventive-care-benefits](http://www.healthcare.gov/preventive-care-benefits). See Sections 5(a) and 5(c) for information about other covered preventive care services.

**You Pay**

Preferred retail pharmacy: Nothing (no deductible)

Non-preferred retail pharmacy: You pay all charges
