

Transitional care

2025 Blue Cross and Blue Shield Service Benefit Plan - FEP Blue Focus

Section 3. How You Get Care

What you must do to get covered care:

Transitional care

- **Transitional care**

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because your coverage changed from the FEHB to the PSHB and your health plan does not participate in the PSHB, or
- lose access to your specialist because we drop out of the Postal Service Health Benefits (PSHB) Program and you enroll in another PSHB plan, or
- lose access to your Preferred specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any Preferred benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are pregnant and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and your Preferred benefits will continue until the end of your postpartum care, even if it is beyond the 90 days.
